E & E Law was founded in Ankara in 1989 by Olcayto Ertuğrul, who is the member of a law practising family for the last three generation. With our professional experience in the last 22 years; E & E Law has grown into one of the well-known and leading law firms of Turkey. The vision of E & E Law is to provide clients with legal advice that helps them achieve their long-term objectives in Turkey and globally with the greatest efficiency. This vision is attained by a strategy of steady expansion, allowing E & E Law to further develop its professional character, high standards and service.

We represent clients at every level of the judicial system including the state trial and court of appeal. We are dedicated to serve our clients by providing sound advice and counselling based upon years of experience and thorough legal analysis. Our success, while reflected in our growth, is measured ultimately by the capability of our team and the feedback we obtain from our clients.

We provide a full range of legal services and are dedicated to the principles of professionalism, excellence, and well trusted service to our clients. We value long-term relationships with our clients and are constantly working to meet their changing needs. We have an international practice and most of our clients are made up of well-known and respectful international

mining companies, financial organisations, associations, foundations and governments, as well as representing smaller businesses and individuals.

Throughout our professional history we have obtained excellent results in our legal services. People seek us out because of our experience, honesty, energy, stability and good reputation to provide the highest quality legal service.

The following four rules guide us on everything we do;

- clients comes first,
- establishing long-term relationships,
- our connections are our strength,
- only excellence is good enough.

We have liaison offices in İstanbul, Bursa, İzmir, Aydın, Uşak and Muğla cities of Turkey with adequate number of lawyers, paralegals, staff and contract experts and professionals. E & E Law has also a lot of affiliates and liaison offices in the EU and US.
